

International Conference on
Metamaterials and Nanophotonics

METANANO 2019

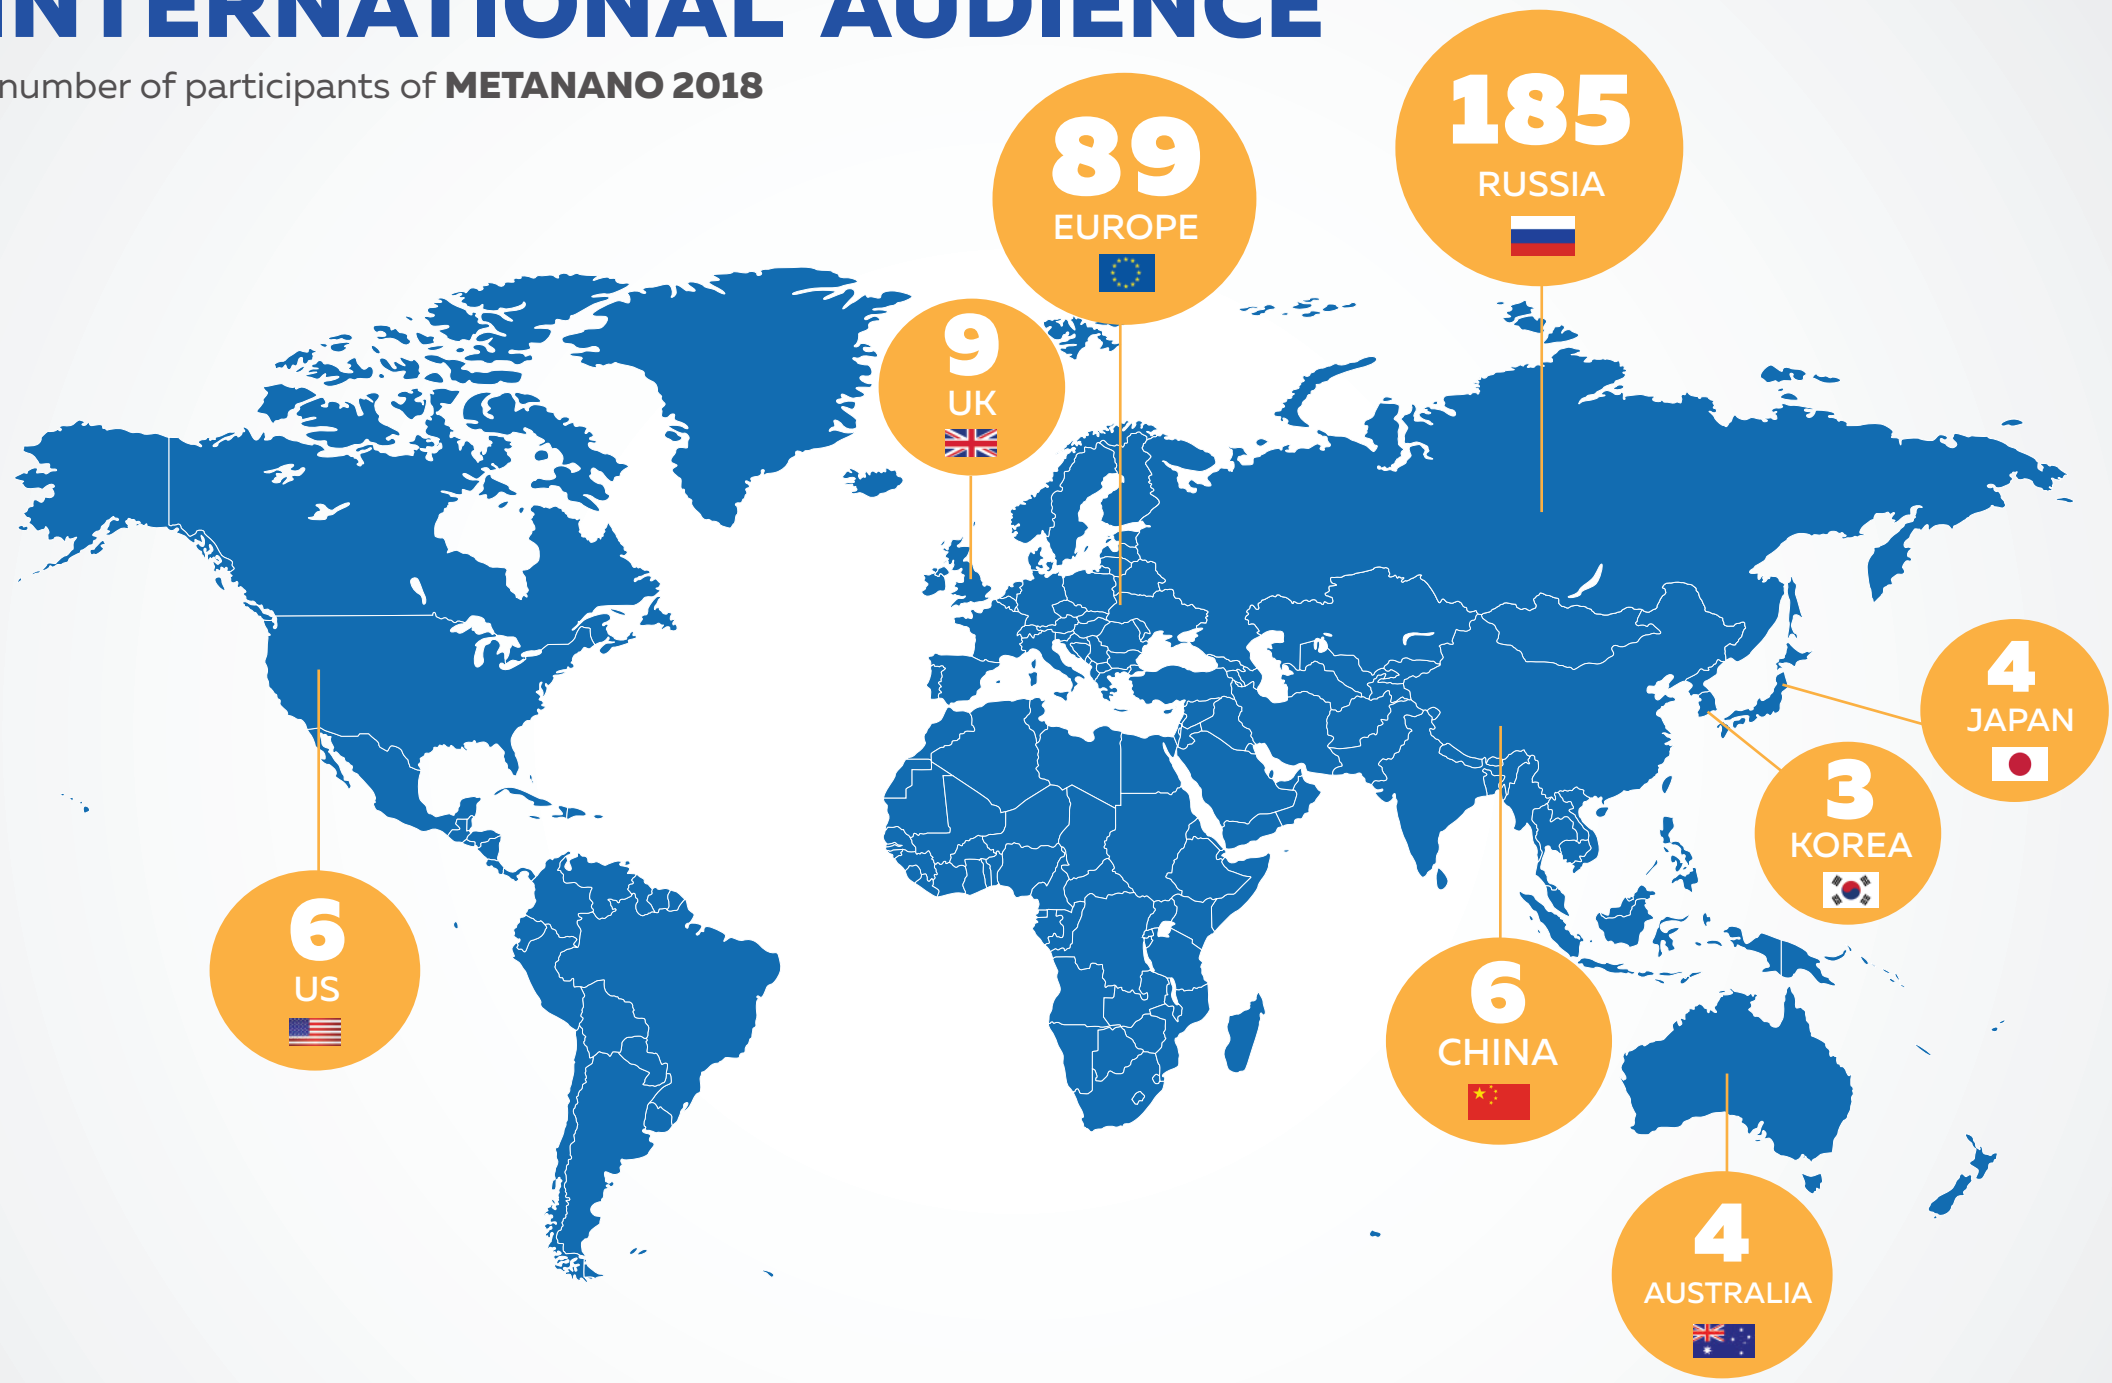

Dear Exhibitors and Sponsors,

The Organizing Committee of the International Conference on Metamaterials and Nanophotonics **METANANO 2019** is pleased to invite you to take part in the conference which will be held in St. Petersburg, Russia on **July 15-19, 2019**. METANANO is an annual international conference that brings together researchers and industry from different scientific fields from fundamental research in Photonics and Plasmonics to business-oriented projects in RF technologies, Solar Energy and Bionanotechnologies.

By taking a part in **METANANO 2019** your company will receive maximum exposure in a rapidly growing industry which is attracting more and more interest at the highest levels.

Our sponsorship packages are designed to enhance your company's competitive position, promote your products and services and connect with new and existing partners around the globe.

To meet the needs of your company and ensure that you get the most out of your participation in the conference we are pleased to offer several options to participate in **METANANO 2019**:

Participate as an Exhibitor

present your products and services to leading researchers, professors and students

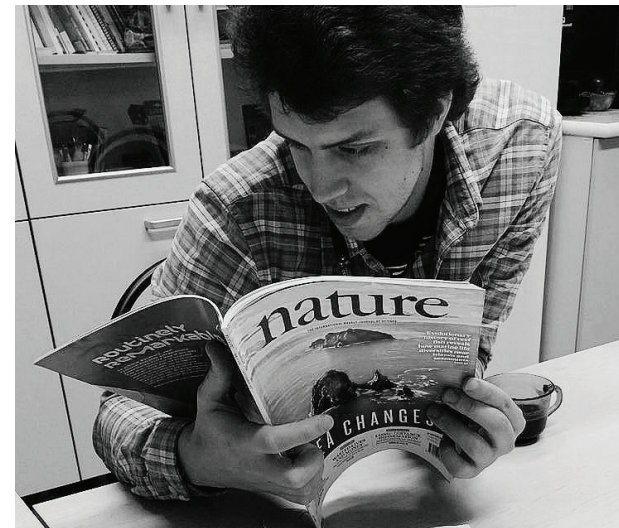

Become a Sponsor of METANANO 2019

advertise and promote your company to your target audience

Throw in Additional Options

to gain maximum exposure and visibility

We are also open to proposals to create a bespoke offer that suits your company's needs.

A person in a white t-shirt and blue jeans stands on the edge of a dark, rocky cliff. Their arms are raised in a 'V' shape, facing the vast, deep blue ocean. The sky is a mix of soft pinks, purples, and blues, suggesting a sunset or sunrise. The water has a shimmering, iridescent quality. The overall mood is one of freedom and achievement.

BECOME AN EXHIBITOR, SPONSOR OR BOTH

This photo was taken in Vladivostok during the conference METANANO 2017

FOR EXHIBITORS

- ✓ Exhibition booth or table (including Internet connection, power supply etc)

- ✓ Presentation by one representative during the opening ceremony (up to 5 minutes)
- ✓ Company banners displayed near the reception desk and in the hall for poster presentations
- ✓ One exhibition booth or table
- ✓ Opportunity to organize a workshop and deliver a scientific presentation
- ✓ Participation in the welcome reception and conference dinner for three representatives
- ✓ Own screen for multimedia materials

Cost: 6000 EUR

Additional Options

*Bespoke package deals to be discussed individually

** branded cups and napkins, banner in the coffee-break area

Additionally, you can sponsor our *Summer School on Topological Photonics* which will be held on *July 8-12, 2019 in St. Petersburg*

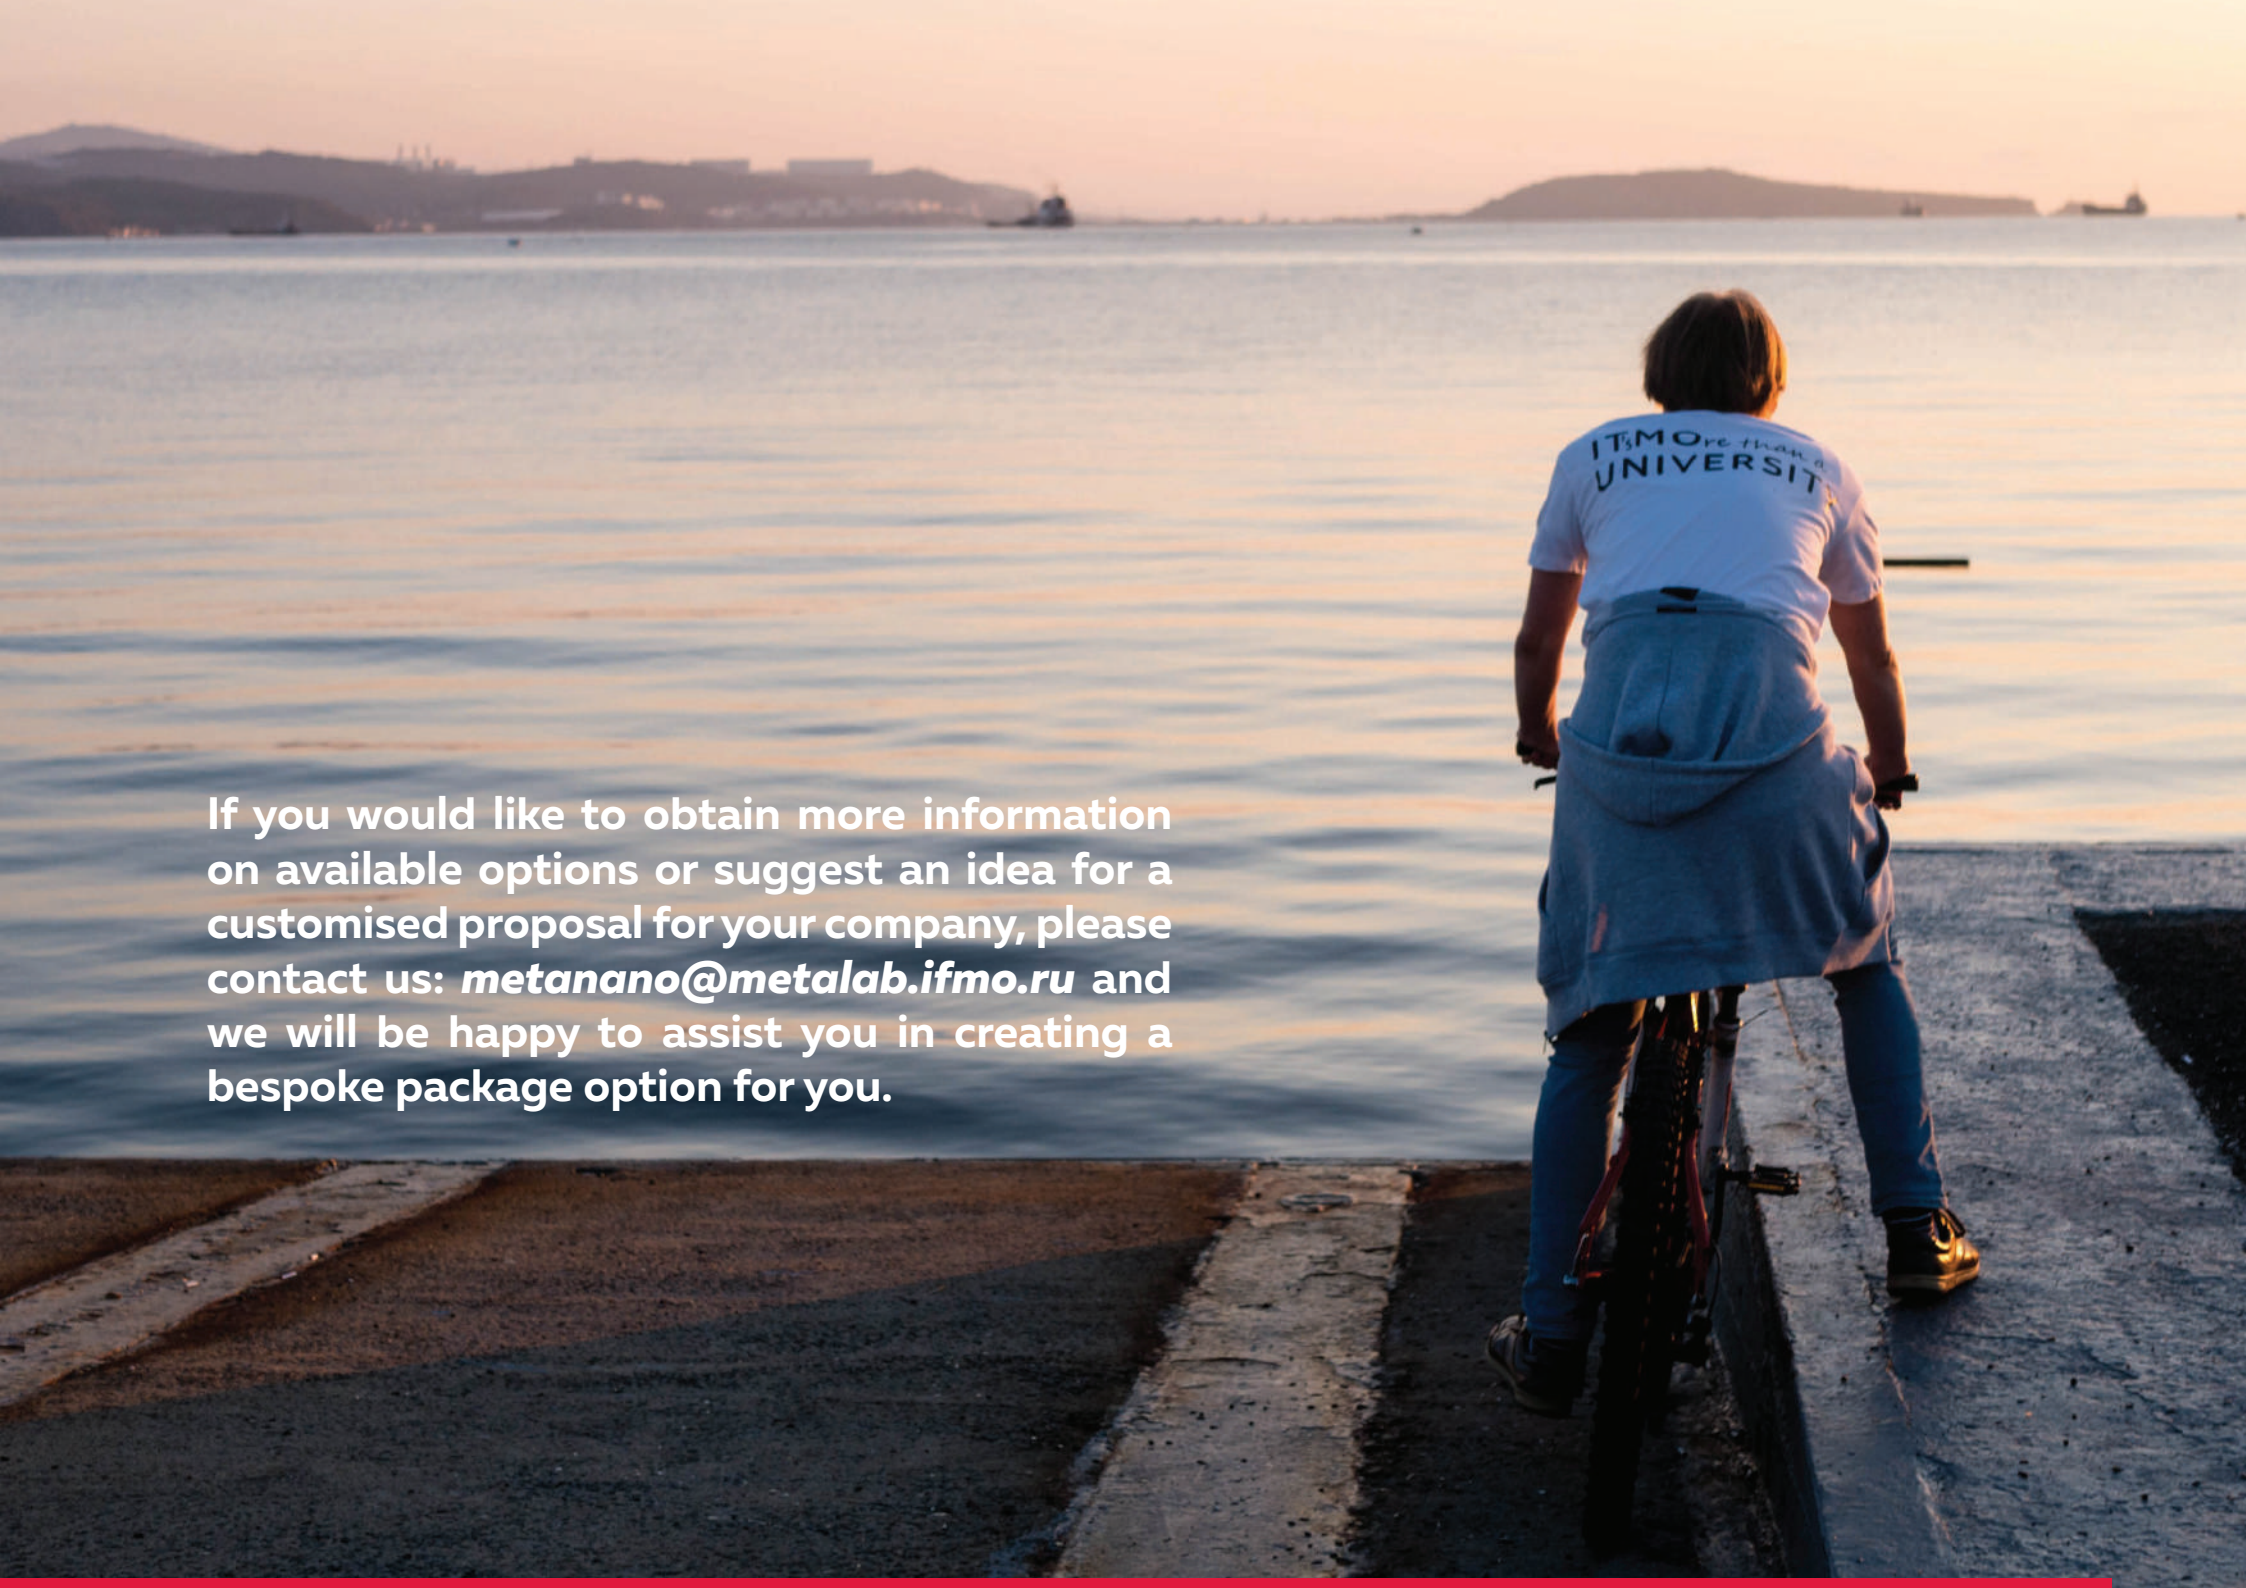

The School is intended for PhD or Master's degree students and last year's Bachelor's graduates as well as engineers, postdocs or researchers.

Topological photonics is a new fast-growing branch of modern optics. It features an exciting physics and fascinating applications, especially in disorder-robust and non-reciprocal devices, which promise to introduce novel fundamental concepts in photonics and optoelectronics in the nearest future.

The world's best experts will give a 5-day course on topological photonics. The course will start from the fundamentals and will cover the latest achievements as well.

A person is riding a bicycle away from the camera on a concrete pier. The person is wearing a white t-shirt with the text "IT'S MORE than a UNIVERSITY" printed on the back, a grey hoodie, and blue jeans. The background shows a large body of water under a sunset sky, with distant hills and buildings visible on the horizon. The scene is bathed in the warm, golden light of the setting sun.

If you would like to obtain more information on available options or suggest an idea for a customised proposal for your company, please contact us: metanano@metalab.ifmo.ru and we will be happy to assist you in creating a bespoke package option for you.

See you in Saint P!
